PLANS FOR COMMENCEMENT

May 27, 28, 29, 1950

There is no way of cheating the calendar or delaying the inevitable or escaping the fact: Dr. Jackson will retire in 1950. The very words strike sadness in our hearts, but they do more: They set in motion a whole train of grateful memories. For some of us they bring to mind high moments in a history class; for others they revive the inspiration of a chapel talk; for others they speak of a visit to the Chancellor's office, or a letter of thanks or congratulations, or a good joke, or the farewell words at Commencement. Whatever the particular response, it is primarily one of gratitude for the man of clear vision and consuming interest in the individual, who, for forty-one years, has given grace and truth to the life on Woman's College Campus.

Commencement this year will be a memorable occasion because alumnae from everywhere will return to the College to pay tribute to our retiring Chancellor. Dr. Jackson will be the center of our activities at the Alumnae Meeting Saturday afternoon and the gift from the alumnae will be presented to him at the Sunset Supper in the Alumnae House, when faculty and alumnae gather for informal good fellowship.

We hope many of you will be able to come Saturday, and stay through Monday. We regret deeply that Alumnae Day falls on Primary Day in North Carolina, but do make your plans to vote as soon as the polls open and then come on to the College to join in the fun.

The Alumnae House will of course be the center of activities during commencement week end. Friday night the Senior Ball will be held in the Virginia Dare Room. Registration of alumnae will begin Friday at 6 p.m., and continue through 2:30 p.m. Saturday. Faculty members will be at the Alumnae House during registration to visit with returning alumnae.

Reunion luncheons are scheduled for 12 o'clock Saturday and alumnae whose classes are not holding reunions will enjoy having lunch in the Home Economics Cafeteria or in the college dining hall.

The Annual Commencement Meeting of the Alumnae Association will be held at 2:30 p.m. in the Alumnae House with Jane Wharton Sockwell, president, presiding. New officers of the association will be presented and the program will include news about our college and entertainment, too. The class of 1950 will be received into the Alumnae Association and Reunion Classes will be recognized.

Senior Class Day Exercises at 4 p.m. on the front lawn of Adminis-

tration will be a beautiful occasion, combining the traditional change of colors with a new type of Class Day Program.

At six o'clock, alumnae and faculty will gather for the Sunset Supper in the Alumnae House. This is strictly a social occasion and for the past two years has been one of the most enjoyable features of Alumnae Day. Over 400 people attended the supper last year.

The Playliker performance in Aycock Auditorium at 8 p.m. will close Saturday's activities except for the late hour chats in the residence halls. Alumnae will be housed without charge in Cotten and Gray Halls, with members of classes rooming on the same hall as far as possible.

The schedule for Sunday will fea-

ture the Baccalaureate Sermon at 11 a.m. in Aycock Auditorium, the concert by the college choir and orchestra in Aycock at 4 p.m., and the informal gathering of seniors, parents, alumnae and friends of the college in the Alumnae House from five to seven.

Graduation Exercises at 10 a.m. Monday conclude the week end. Addresses by the Chancellor, the Governor of North Carolina, the elected Representative of the Senior Class and the President of the University, and the awarding of honors and degrees to almost 300 graduates will make this a memorable occasion.

Nothing will make you feel like a college graduate again quite so much as attendance at Commencement. If you can't make arrangements about the children, bring them with you. We had all ages last year. Make your plans now to come and write your special friends to meet you here May 27. You'll never regret it and we're all looking forward to seeing you.

A LETTER from OUR PRESIDENT

Dear Alumnae:

At this time you are surely making plans to return to the college for Commencement. This year — 1950 — is a memorable one; our beloved Chancellor, Dr. Jackson, is bringing to a close forty-one years of loyal service to the Woman's College, 16 of them as chancellor. If we could turn back the hands of the clock we would strive to keep him here indefinitely, but since the inevitable must be accepted let us make this Commencement an unforgettably happy time for him. Dr. Jackson will be eagerly looking forward to seeing all of us. We are all his girls; none is too old and none too young. Commencement plans are going forward with great dispatch and they are most interesting. Please make an effort to be here, whether or not your class is planning a reunion, for you will be sure to find some of your special friends here. What better send-off for our Chancellor as he relinquishes his administrative duties than the sight of a large, happy and united group of alumnae.

The Alumnae Association takes great pride in its Undergraduate Re-

lations Committee, headed by Miss Dorothy Clements. Counselors, faculty, the sophomore class and alumnae from several states have successfully participated in our first Symposium on Occupational Opportunities for Women, held at the college on April 11th and 12th. Elsewhere in the News you may read the details of the conference which grew out of our Vocational Guidance Conference held last year. Everyone felt that it was most successful and that it answered a long felt need of our students.

I have had the pleasure of meeting with two alumnae groups this winter — one in Miami, Fla., and the other in Washington, D. C. Both occasions were most enjoyable, and to see and talk to so many enthusiastic alumnae was most gratifying. These meetings, of course, were just a sample of what is going on all over the state as well as in many other states.

Many faculty members have contributed freely their time and efforts in meeting with alumnae far and near. Since Founders Day there have been held approximately ninety-four group meetings. 1950 has started well. The class of 1950 expects to become 100% active alumnae. Let each of us do as well.

My best wishes to you.

Jane K. Horton Lockwell '31

Dr. Jackson Will Teach at W. C. Next Year

The sadness that will come with June 30, 1950, when Chancellor W. C. Jackson relinquishes his official duties as Chancellor will be somewhat alleviated by the fact that he will be teaching at Woman's College next year. His success as an administrator has been great, but it has never surpassed his success as a teacher.

Those of us who remember his 3 o'clock Thursday afternoon class in "Representative Americans" rejoice that once again, students at Woman's College will have the opportunity of hearing great men and women brought back to life in his own inimitable way.

One of the main attractions at the Burnsville School of Fine Arts will be a two weeks course in "Biography for Teachers" which in reality is "Representative Americans". This special course carrying graduate, undergraduate and "strictly pleasure" credit will be given by Dr. Jackson July 3 - July 15. Last year sixty students ranging in age from 15 to 70 sat on the edges of their chairs, hanging on every word about Lincoln, Andrew Jackson, Jefferson, Washington and other great Americans. The three-hour classes five days a week were such a pleasure that the students were requesting an extra class on Saturday. Those who visited one day felt impelled to return.

Dr. Jackson plans to attend the Fiftieth Reunion of his Graduating Class at Mercer University in Macon, Georgia, early in June and upon his return will move from the chancellor's home to their former home on McIver street.

It is good for all of us to know he will be around and, relieved of his administrative duties, will have more time for teaching, for visiting alumnae groups, and for fishing.

President Gordon Gray, standing, is shown above as he made his first appearance before the assembled faculties of State College, University of North Carolina, and Woman's College at the annual O. Max Gardner Award Dinner held in Spencer Dining Hall at Woman's College, March 22. Reading left to right are Mr. Victor Bryant, Mrs. O. Max Gardner, Governor Kerr Scott, President Gray, W. D. Carmichael, Jr., acting president of the Greater University, Chancellor W. C. Jackson. Mr. Gray expects to take over his duties as University President, August 1.

Second Occupational Symposium is Successful Event at College

A Symposium on Occupational Opportunities for Women, sponsored jointly by the Undergraduate Relations Committee of the Alumnae Association and the Sophomore Class, was held April 11 and 12 at Woman's College. Miss Dorothy Clement '23, chairman of the Alumnae Committee in cooperation with the committee from the Sophomore Class, planned a comprehensive and well integrated program covering twenty-four of the major fields open to women.

Experts in various areas of occupation spoke to small groups and held private conferences affording an excellent opportunity for the students to hear about qualifications and training needed for specific jobs as well as to get an idea where there are openings for women.

Mrs. Marguerite Zapoleon, Chief of the Branch of Employment Opportunities Studies of the Woman's Bureau, Department of Labor in Washington, spoke to the student body in chapel, Tuesday, April 11, to open the conference. She stressed the shortage of primary and elementary teachers and gave the overall picture of the great variety of fields in which women are needed. Mrs. Zapoleon quoted interesting statistics showing the large number of women working in the United States and the number of married women who combine homemaking with a career.

The Social Services were discussed at the afternoon session in the Alumnae House by Dr. Hope Tisdale Eldridge, statistician with the United Nations, and Miss Jane Elliott, director of child welfare in North Carolina.

Mrs. Zapoleon talked about opportunities in government at a group meeting Tuesday afternoon and at the same hour those interested in Home Economics heard Miss Linda Cloer '48, who does food research for the U. S. Department of Agriculture in Washington, Miss Mary Jane Allen '35, administrative dietitian at the Medical College of Virginia Hospital, and Miss Mildred Hough '40, director of food supervisors and service for the Statler Hotels, Inc.

Also on Tuesday afternoon students interested in the Arts were privileged to hear Miss Barbara Apostolacus '49, youth consultant with Thalhimers in Richmond, Va., Mr. Peter Taylor, teacher of creative writing at Woman's College and a well known author of short stories, and Mr. Elliott Weisgarber, composer and professor of music at Woman's College.

The teaching profession was presented by a panel of speakers, Dr. Charles Prall, dean of the school of Education, moderator, and Dr. James E. Hillman, director of the division of professional service of the North Carolina Department of Public Instruction, Mr. C. W. Phillips, director of public relations at Woman's College, and Mrs. Grace Wagoner '49 and Miss Hazel Sessons '49, teachers.

The Sophomore Class entertained the guest speakers and college officials at a buffet supper in the Alumnae House Tuesday night. Mrs. Anne Carter, chairman of the Alumnae Social Committee, arranged the supper, assisted by a committee of sophomores.

Mrs. Ethel Miller Nash, co-chairman of the parenthood division of the Marriage and Family Council, Inc., in Chapel Hill, conducted the Tuesday night session, "Marriage and the Home", which was followed by a question and answer period.

Wednesday morning was taken up with private conferences of students with the representatives and in the afternoon, Health Occupations were covered in small group meetings by Dr. Nell Hirschberg, who is with the State Laboratory of Hygiene in Raleigh, and Miss Betty Baise '41, supervisor of nurses' training at the Baptist Hospital in Winston-Salem.

At three o'clock, Mr. Carl Harris, vice-president of Edwin Mills, Inc., Durham, discussed opportunities for women in industry, after which smaller groups heard Mr. Laurence Skees on accounting, and Mrs. May Belle Jones, chief of the Division of Home Furnishings with Meyers in Greensboro, on retailing.

Miss Ellen Griffin '40, teacher of Physical Education at W. C., was the moderator for the panel on opportunities in the Physical Education fields.

Miss Annie Lee Singletary '31, director of the news bureau at N. C. Baptist Hospital and Bowman Gray School of Medicine in Winston-Salem, spoke to those interested in journalism, and the possibilities in radio were reviewed by Mr. John Young, of the Communications Center in Chapel Hill.

Opportunities in physics were covered by Mrs. Catherine Yoe Widerquist '46, who is at the State Engineering Experiment Station, at Georgia Tech. Mrs. Billie Upchurch Miller '44, discussed the field of Industrial Chemistry.

The conference was closed Wednesday night with a panel, "The Woman in the Community." Mrs. Nash was the moderator and other speakers were Mrs. Laura Weill Cone '10, for volunteer services, Mrs. Betsy Dupuy Taylor '37, for the League of Women Voters, Mrs. Clyde Milner for Woman's clubs, and Dr. Mark Depp for the church.

Members of the women's service clubs of Greensboro cooperated with the college in the Vocational Information Conference by holding private conferences with interested students who by appointment, interviewed women in the various fields on the job.

This was the second year of the conference, the Sophomore Class last year having inaugurated the idea, and it is our hope that it will be an annual affair. The Sophomore Class is particularly in-

terested because of the fact that early in May they make a choice of a major subject, and before this choice is made, it is very beneficial to afford an opportunity to look into the many fields in which women are now successful as well as to view the fields in which there probably will be openings when they graduate.

Betsy Newman Receives Graduate Scholarship

Elizabeth Newman of Fanwood, N. J., has been selected one of 20 students to receive a \$1,500 graduate scholarship from the American Council of Learned Societies. The 20 students selected were chosen from 300 candidates, one from each accredited American university and college. She is the only winner from North Carolina and one of three from Southern colleges.

Miss Newman will attend University of Michigan next year to work toward the master of arts degree in English literature. She has majored in English literature at W.C., has been selected by Phi Beta Kappa, is a member of Golden Chain honor society, was designated one of eight outstanding seniors, and is chairman of the college International Student Committee. She has been a columnist for *The Carolinian*, student newspaper, and is literary editor for this year's *Pine Needles*, yearbook.

Former W. C. Teacher Lives In California

Miss Hinda Teague Hill, who formerly taught French at Woman's College, writes that she has not been east of the Mississippi since she left Greensboro in 1919. She is now teaching short-story writing to adults in Los Angeles and furnishes the garden column in a local publication. Her second interest includes a garden with 250 kinds of iris and a hundred fuchsias. She says she accidentally got into the story-writing business after leaving an editorial job with a publishing firm when her health failed. Her address is 3620 Fourth Avenue, Los Angeles 16, Calif.

Margaret Coit Began Calhoun Biography While at Woman's College

Margaret Coit '41, whose recent book, *John C. Calhoun: American Portrait*, has been acclaimed by critics as the best biography of Calhoun, gives us the following picture of the beginning of her book thirteen years ago:

"It was Curry School that first got me excited about American history. But it was as a college Freshman back in 1937 that I really knew I was going to write a book on John C. Calhoun. I told the librarian (Guy R. Lyle) about it that fall, and asked him what books I should read.

"For the first time in my life, I was turned loose in a real library. I remember how I delved and dove into the books. I tore them from the shelves and gobbled down great hunks while standing at the windows. Up in the reference room, I discovered Harriet Martineau's *Retrospect of Western Travel*, and her description of "the cast-iron man." It made me furious. It was untrue, I knew, but it challenged me. And when Arthur Stryon's biography of Calhoun by the same name came along that year I knew all the more that I wanted to write something different, to find the real Calhoun.

"Then I discovered Christopher Hollis' wonderful sketch of Calhoun in *The American Heresy*, and the Calhoun letters, the big, bulky volume published in 1899. By that time I knew, if I ever had ever had any doubts before, that there was a man I wanted to know about and think about and to stay with, however long it might be, to find the truth about him, both for his time and for ours.

"I began to take notes — notes from the books and the old copies of the *American Whig Review* and the *Democratic Review*, sometimes from five to six different sources and ten or twelve different subjects, all together — on both sides of the same page! The name of the book or the magazine, or the author or the page, I never bothered to take down. After all, footnote references were just something they made you list for a source theme — they had nothing to do with the book I was going to write. Or, so I thought! But I learned otherwise years later, when Houghton Mifflin and I were trying to find out where I'd made those discoveries back in my college days; and those phrases that I'd tucked away in the back of my head, with no idea whatever where I got them! Yes, belatedly, I discovered that there was some point to those source themes, after all.

"I didn't do much on Calhoun my Sophomore or Junior years, although I suppose that indirectly I was reading towards all the time. Meanwhile, Woman's College was giving me the tools with which to work. Over in the English department Miss Mildred Gould was teaching me that a sentence was something

MARGARET L. COIT '41

more than a staccato bark. In history, Dr. Benjamin B. Kendrick and Dr. Alex M. Arnett were giving me the grounding that was to prove invaluable in years to come. As a Senior, I was more absorbed in Wendell Willkie and *Coraddi* magazine than in John C. Calhoun. But my term-paper for Dr. Kendrick was on him and his philosophy. It was badly written; but the central ideas were very little different from those in my book today.

"Georgia Arnett (Woman's College, 1938) was editor of *Coraddi* my Freshman year. She wrote me the other day. And she reminded me of something that I had forgotten — that I had told her of my dream of writing a life of John C. Calhoun, back in the *Coraddi* office, twelve years ago."

Margaret lives in West Newbury, Mass., where she is a member of the Town Committee, Farmers Grange, Woman's Club, and is an official on the Library Board.

Joyce Parker is Elected to Honorary Society

Joyce C. Parker, senior music major at Woman's College, has been elected to membership in Pi Kappa Lambda, national honorary society in music. She is the only member of her class so honored. Miss Parker has majored in music theory. Pi Kappa Lambda has chapters in the principal conservatories and schools of music in this country, and has been active at Woman's College since 1940. The member-elect will be initiated at commencement.

Summer Session Runs June 5 - July 14

A. A. WILKINSON

Courses for next Summer Session at Woman's College beginning June 5 have been arranged so as to permit students to enroll for periods of two, three, four, or six weeks, according to the session announcement just made by Dr. Charles E. Prall, who will serve his first term as session director.

The session will be operated from June 5 to July 14, with special courses offered for the period of July 17-28. A faculty of 60 has been engaged for instruction in the fields of education, music, art, business education, home economics, the sciences, languages, health, history and political science, English, physical education, and other subjects.

According to Dr. Prall, the total expenses for six weeks will be \$100. Men students and married couples will be provided with residence facilities.

Special education features of the session will include a state-wide six weeks' workshop in Family Life Education, beginning June 5; a workshop on improvement of instruction in elementary schools, June 19 - July 14; and the operation of Curry demonstration school classes from kindergarten through the sixth grade.

For the eleventh consecutive year the summer institute for string instrument players will be held for public school and college students.

The chief off-campus activity of the college will be the Burnsville School of Fine Arts, which will have its fourth season at Burnsville, June 29 to August 18.

The annual Girls' State will be held on the campus June 4-9, and the sixteenth International Relations Institute will be in session June 12-16.

Dr. Prall, the new director, came to Woman's College last fall as dean of the School of Education. His experience includes education deanships at University of Pittsburgh and University of Arkansas and director of Summer Sessions at those institutions. Before coming to Woman's College he was director of the committee on education of the American Hospital Association.

Practicing the Art of Living Together

Note: Woman's College of U.N.C. is one of two or three of the world's largest colleges for women. This growth has raised the question of whether it is so large, that it causes the individual student to be lost in the shuffle. The college, however, has developed an unusual and effective system to meet the problem of size. It is described in the following article, written by a member of the Senior Class from Fayetteville.

By MARIE SHAW

A pleasant surprise is in store for those prospective Woman's College students who think there is something frightening about suddenly acquiring 2,200 sisters to replace a normal sized family. To prevent any student's feeling that she is lost in the shuffle, the college employs a counseling system whose primary aim is to make each student feel at home. Other large universities, seeing

the advantages in numerous persons being responsible for the well being of a single girl, have adopted the same pattern.

The campus community is divided into 15 residence hall units. Here there is a counselor — not a house mother who emphatically states what can not be done — but an adult whose main interest is knowing the girls in her house and being available when they have problems which have a way of assuming tremendous importance. Whether the difficulties involve finances, school work, health or dating, a counselor is always willing to lend an ear and then offer helpful suggestions.

Each of the fifteen carefully selected counselors maintains in her house a motif that is distinctly individual, thereby avoiding a system of complete uniformity.

The counselors' academic training is on a par with that of members of the faculty, the majority having at least two academic degrees. Though a number of them teach, the main part of each counselor's activities center around her house.

Allied with the counselor is the house president. In the freshman halls the house president is a junior selected in the campus-wide Student Government elections. Each of the 120 girls in the house is important to both the house president and her roommate.

Upon entering college, each student is assigned to some faculty member's advisee group. Academic advice, as well as any other advice, may be obtained in the smaller groups of approximately twelve. In addition there is a junior who works with the faculty member. She acts as a Cook's Tour agent helping the girls find themselves on campus. These members of the sister class like their job: the more demands it makes upon them, the better they like it.

The door to the class chairman's office is always open as is that of the college physician. Neither the Dean of Women nor the Chancellor is unapproachable. Instances when all of these persons pool their resources to solve a single student's headache are not uncommon.

With emphasis on learning from living as well as learning from books, chances for growth at Woman's College are countless. The Student Government, to which all students automatically belong, is the means through which students make their own regulations and enforce them. Because students make decisions, there is a sense of responsibility on the part of those living in the campus community which makes abuse of privilege negligible. The "responsible freedom" emphasized by the late Dean Harriet Elliott is more than a phrase, it is an integral part of campus life.

Co-education is the rule, not the exception, when weekends begin. This fall 700 students went to the Carolina-State football game to celebrate Greater University Day. Social activities geared to meet the needs of the individual are highlighted by the society, class, and residence hall dances. Campus drives jammed with cars on Saturday night prove that more girls stay than leave for weekend dating.

The multiplicity of things to do prevents "would be" cases of homesickness. The sense of belonging at Woman's College is a growing process. The longer one stays on campus, the greater is the realization that Woman's College is not a melting pot, but a place for discovering one's abilities and learning to use those abilities to meet all types of situations.

These girls of Cotten Hall at the Woman's College at Greensboro are important cogs in a successful system in operation on the campus that keeps the individual student from being lost among 2,200 others. They are the leaders in one of the 15 campus dormitories, each of which has been set up in an unusual way as a social unit with a specially prepared counselor. So successful has been the plan that it is being copied by other large colleges. In the picture are, seated on the floor, left to right, Eleanor Whiting, Virginia Holloman (daughter of Anna (Griffith) Holloman '29), Betsy Bynum, Grey Bedford (daughter of Grey (Fetter) Bedford '26); others seated: Mrs. Anne Carter, counselor; Patsy Clodfelter, Jerre Denning, Jean Sharp (daughter of Beular (Conrad) Sharp '14), Anna Beeson (daughter of Margaret (Patterson) Beeson '27), Rose Marie Holden; standing, Jaylee Montague, Emily Stone.

Myrtle Soles Granted Fellowship

Myrtle Soles '45 has been granted a fellowship of \$1000 for study next year at the University of Michigan. She will take courses leading toward her Ph.D. degree and will be on leave of absence from Woman's College, where she teaches in the Department of Classical Civilization.

The Arts Come of Age

MARK R. SUMNER

The dormitory for women is across the street from the Playhouse. It was rebuilt for the Burnsville School of Fine Arts last year.

In the mountains of Western North Carolina, Woman's College has established a summer school project that is unique in this country. It is the Burnsville School of Fine Arts, with the Parkway Playhouse, a collegiate repertory theatre, as its focal point.

Now ready to begin its fourth season, the school was organized with the realization that drama is merely the culmination and combination of the other arts, and that great drama does not appear in a civilization until the other arts are full grown.

Theatre, in its effort to entertain, must make use of music, dance, painting, sculpture, and literature if it is to fulfill its function, and these arts are aided by an understanding of the theatre.

With the idea of allowing students in all fields of fine arts to work closely together in both classrooms and practical exercises, Woman's College has established the Co-Educational School of Fine Arts, with college credit courses offered in music, dance, art, drama, creative writing and education, at Burnsville, N. C., at the foot of towering Mount Mitchell.

The Parkway Playhouse of the school presents a different play each week, and these productions are chosen so that interested students in the other art fields have a direct opportunity to fit the best work they can do into the best offered by the drama students. The annual musical (this year it will be *Gilbert and*

Sullivan's *The Mikado*) is the best example of how students from each section of the school combine efforts.

The Burnsville project did not just grow to its present importance, but took the combined efforts of Chancellor W. C. Jackson, W. R. Taylor, C. W. Phillips, and G. M. Joyce of the College, Frank

P. Graham, now U. S. Senator from North Carolina, and Burnsville citizens headed by Frank Howell.

The project got a gradual start in 1947, and in 1948, the number of students and the audiences at the Playhouse doubled over the initial summer, but it was not so much a story of success as one of hard work, highlighted by the cooperation of Burnsville, the Carnegie Foundation, and the Veteran's Administration.

Last spring, when the Parkway Playhouse announced a season of eight plays in as many weeks, professional and university theatre experts said, "It can't be done! It's impossible to tackle a full repertory professional season with undergraduate and beginning students."

But the experts overlooked the determination of the Woman's College staff, and they overlooked the impetus supplied by a whole school of fine arts.

None of the staff did get a full night's rest, and students worked in class, rehearsals, or with technical problems from nine in the morning until midnight.

All furniture and properties, as well as scenery, were built by the students for the opening play, *Candlelight*. For *Twelfth Night*, the group built a replica of the Shakespearean "Globe Theatre", and this classic, long regarded as impossible for summer theatre, proved to be one of the most entertaining plays of the season.

The experts who had cried "Impossible without lowering production standards" were soon proved wrong as attendance doubled, then tripled for individual shows. The staff went around hollow-eyed, and students found themselves rehearsing and building scenery for three plays a time.

Tulip Time, a 1920 musical, drew capacity audiences and gave the Playhouse a chance to work with William deVeny's music department. The final play of the season, *What Happened to Jones*, left the audience so limp from laughing that they could only gasp and stamp their feet at

the end of the play. After about a minute the applause burst forth, and the Playhouse group knew that they had made the grade.

Audiences were more than double the 1948 season, and they had proved the experts wrong. The fame of the Playhouse and Burnsville School spread across the state, and the Woman's College made plans to continue expanding the program.

The addition of five courses in dance and choreography, two courses in creative writing, two in art, and another drama course for 1950 proclaimed that the Burnsville School of Fine Arts had come of age. C. W. Phillips was named resident director of the project, and Fred Koch, Jr., head, Drama Department, University of Miami, will be one of the guest directors at the Playhouse.

The 1950 season, July 29-August 18, has not been completely programmed by the Playhouse, but *The Silver Whistle, You Can't Take It With You, On Borrowed Time*, and a new play by resident playwright Francis M. Casey, are being considered in addition to *The Mikado*. A combined music and dance recital will be presented July 28 and 29.

Library Wants Cook Books

Dear Alumnae:

The Woman's College Library is collecting cook books published in North Carolina or written by North Carolinians. The main purpose is to preserve in our library a record of the cooking and eating habits of the people of this region. We want both new and old printed or mimeographed cook books and pamphlets, and interesting examples of old North Carolina cook books in manuscript form. It is especially difficult for us to secure the old books, or even learn of their existence. We are asking your help in telling us about these books, both new and old, and in helping us to secure them.

We find that most of the cook books are published by church organizations or clubs. While friends and organizations have been very generous in contributing cook books, the Library also buys for the collection. If there is a charge, please let us know the price, but do not send until an order is entered in the manner required by this College. We shall appreciate any help you can give us.

Sincerely yours,

Sue Vernon Williams,
Head of Reference Department

State's First Creative Arts Program on Graduate Level Operating at W. C.

By BONNIE ANGELO '44

Activities of Students Lead to Master of Fine Arts Degree

A genuine North Carolinian glows proudly when he hears his state called a beacon for the South, a state planning for the future instead of wishfully reminiscing. The State of North Carolina last spring did take decisive action to further that creative activity when its agents put their O.K. on a brand new program for the Woman's College of the University of North Carolina. Now in its first year of operation, the program leads to a degree of Master of Fine Arts. Stated thus briefly, it sounds perhaps like nothing more than a commendable development in curriculum.

Actually the program is significant as another "first" for the State. Nowhere else in the entire South is the student with creative talent in writing, music, dance, or painting and the graphic arts able to continue his work toward an advanced degree with the emphasis upon composition. Woman's College by this stroke joins with that handful of forward-looking institutions in the nation that have worked out such an inter-departmental creative program.

With the emphasis already given the fine arts in the undergraduate years extended to the graduate level, Woman's College should become a center for creative expression, attracting to the State from other sections both graduate and undergraduate students whose particular talents will be developed to the credit of the College and the State and to the profit of all. Native talent will have a chance to mature in the surroundings which produced it. Earlier, the graduate who wanted to continue creative work had no alternative—he took train for the North or Midwest.

But equally significant—the new program will turn out better qualified teachers of the arts who will give back to the State's coming generation the stimulation received here on this growing campus. The people of the State now have an opportunity at first hand to understand and participate with full effectiveness in the creative activities of their own time and their own country.

The College is fulfilling the responsibility of an institution of higher learning: it is providing the leadership necessary to build a healthy culture.

The addition of this program to the College's offerings is not a sudden thing. The groundwork was laid fifteen years ago when Dr. W. C. Jackson was new in his position as head of the College. Now whenever he lists the accomplishments of his administration—and those

years have been a period of great expansion for Woman's College—he emphasizes unfailingly the establishment of an Art Department and the conscious encouragement given all phases of creative work.

The results of the official encouragement and stimulation are everywhere to be seen. The growth of the Art Department since it was established in 1935 serves as an index to the flourishing interest in creative work in the College generally. More than 125 undergraduates now major in Art, about half of them in the more exacting Bachelor of Fine Arts Program added in 1946.

Graduates of the department are widely represented in most of the state and regional exhibitions, and regularly win more than the average number of awards. They have gone out to fill positions in museums, in industry, and in teaching. The important supervisory positions in public school art in North Carolina are now monopolized by Woman's College graduates.

Undergraduate work in music, dance, and writing, has developed just as spectacularly. A theory major in the School of Music and a dance major in the Department of Physical Education were added when demand necessitated. Woman's College-trained dance instructors are now on the faculties of ten leading colleges in the South, and as many more have important posts in colleges from Colorado to Vermont.

Twelve years ago, Dr. Jackson, ready to put into practice a sound new idea, added writers of national reputation to the teaching staff of the English Department. As a result of the new interest aroused by practicing writers on the staff, new courses in advanced writing were set up, and a sequence in writing was established in the English major. Writing done at the Woman's College hits a high standard and this has become recognized in college circles.

The healthy growth taking place independently on each front of creative activity at the Woman's College was given dramatic statement by the establishment in 1944 of the Arts Forum. The Forum has come to be an annual affair and one of the brighter spots on the college calendar. It brings to the campus each year the "big names" in the arts to discuss the student work. Students and teachers from as many as forty colleges also come to participate in the events of the three gala days.

More important, the four departments concerned with the arts learned to work together through the Arts Forum. The Forum has been a joint enterprise from

the start. Interdepartmental cooperation in the arts achieved a kind of synthesis of effort. The lesson learned here carried over into the organization of the graduate Creative Arts Program.

This graduate program is administered under the general supervision of Dr. Franklin McNutt, Associate Dean of the Graduate School of the Consolidated University by an interdepartmental committee, with Dr. Marc Friedlaender its chairman.

Graduate work at the Woman's College is not new. Master's degrees have been offered for some years in Primary Education, Home Economics, and Secretarial Administration. Nor does this new degree in the Creative arts indicate a move toward the ivory tower.

The emphasis in the program is upon the attainment of professional standards and the methods used are practical as well as stimulating. A feature of the program is that instruction is primarily in the hands of eminent practising artist-teachers who continue their own creative work while they give training to the students.

Other distinct differences from the usual kind of graduate work can be observed even by the uninitiated. Instead of the usual scholarly thesis, the main requirement in each art is for the creation of original work on a professional level. For example, the writer will complete a long poem, or group of short poems, a novel, a group of short stories, or a play. His "thesis" may be successful as a professional work.

The Creative Arts Program allows more breadth than the usual departmental program too. The student is free to work not only in the field of his major interest but in any of the other three art fields. The students from all the fields come together for a broad course in aesthetics. Here the students also learn from each other the special problems of each art and the things that all the arts have in common. They argue their different solutions to the same problems—musician with painter, dancer with writer. They test their theories on a tough and knowing audience. The students leave the course with new friends and new ideas. They like it.

These points that make this program different will win approval from laymen who think that advanced degrees are too often given for learning more and more about less and less.

The material resources of the College are worthy of its staff. They provide necessary support for the extension of work in the arts to the graduate level. Its collections are impressive in size and quality. The Library's holdings of more than 135,000 volumes, its 777 current periodicals received, and its large annual additions are surpassed in North Carolina only in the university libraries at Duke and Chapel Hill.

The record collections at the College are on the same scale—more than 6,000 recordings. There are about the same number of slides, 25,000 art prints, including 500 large color reproductions. All these dwarf the usual collections in undergraduate colleges.

Further distinction for the Woman's College as a center for the contemporary arts is being steadily won by its numerous student and faculty performing groups, and by the acquisition of outstanding works of art. A notable recent enrichment came from the bequest of Miss Etta Cone in recognition of the College's interest. From her great collection, 71 etchings and lithographs by

Matisse and Picasso and six Matisse bronzes have come to the College as additions to its collection of contemporary art that is unique in North Carolina.

These facts about the Woman's College and about its new Creative Arts Program give that genuine North Carolinian cause to rejoice—to await his moment eagerly the next time the conversation turns to the arts.

"International" is the Word

By ELIZABETH NEWMAN '50

"Europe" and "foreign student" have seemed almost magic words to the campus this year! Yet the "movement" began last Spring when the student body, after a hectic six-week fund raising campaign, offered a full scholarship to a European student. Eyes were wide and smiles were wider when Hildur von Hammerstein, a senior-to-be, arrived in the fall. But the Spring "foreign fever" grew as Hildur began to be a part of almost every branch of campus life. Enthusiasm mounted, too, as the other foreign students—Eulalia Donoso from Chile, Ines and Louise Urdaneta from Columbia, Eleanor Haroutunian from Iran, and Josephine Robertson from Canada, began to talk about "home".

As a result, the International Student Committee organized a correspondence exchange, through which over three hundred Woman's College students have been able to have personal contact with Asiatic as well as European young people. The committee also began to plan a state-wide International Student Conference, "Students as Ambassadors", which was held on this campus in February. Over three hundred students from twenty-five countries participated in the afternoon panel discussion, "How Can We Facilitate International Student Exchange", attended the special dinner in North Dining Hall, and heard Henry Brandis, Jr., Dean of the Law School at

Chapel Hill, speak on "Students as Ambassadors for World Federalism". The entertainment hour afterward lasted way after midnight—with final good-byes, accents and all, difficult to say.

The Committee believed that the need and opportunity for American students as ambassadors abroad were fully as important as Europe to American exchange. So they published a six page mid-week edition of *The Carolinian* entitled "Europe 1950". Included, in addition to necessary travel and passport data, travel tips, a calendar of important events in the various countries, the name and requirements of various groups with which students may travel—workcamps, youth hostels, international seminar groups, foreign university summer school tours—were pictures taken by a Woman's College student who was abroad last summer, actual on-the-spot letters from this student, and excerpts from an Austrian student's letter received in the correspondence exchange. And some Woman's College students are going abroad this summer!

Soon the Junior Class adopted as its project the sponsoring of a second scholarship—this time for an Asiatic student. Working toward this end, the class, in cooperation with the committee, arranged with the Cosmopolitan Club of Chapel Hill to present an "International Musical" on April twenty-ninth in Aycock Auditorium. Samples of the program included

a Scotch highland fling, Hawaiian hula-hula dance, Argentinian and Indian dances and many others—all performed in native costume by foreign students from these countries.

As the year is ending, the committee is working to choose the two foreign students who will come next year on student-raised scholarships. Unlike the situation in private institutions, every foreign scholarship offered by the Wom-

an's College must be raised by the college and graduates of the college. Sufficient funds this year have come from the campus purse drive, from the Junior Class, and from the wonderful alumnae of the class of 1937!

The international program is growing; its importance to the college and to the world can never be measured in dollars or cents—and the enthusiasm for it on this campus can never be measured!

Several people expressed a desire to see the college films of Commencement and hear the recordings of "We, the Women".

News from Local Alumnae Chapters

Alamance County

The Alamance County Chapter of the Alumnae Association of Woman's College met March 29 at the Alamance Hotel in Burlington. The Easter theme was carried out most attractively in the decorations.

The meeting was opened by singing America. Judge E. S. W. Dameron gave the invocation. After a delicious dinner, Miss Carolina Gulledge '49 welcomed the Alumnae and presented the guests, Miss Bernice Draper of the Department of History at Woman's College and Miss Louise Alexander, professor of political science.

Miss Draper discussed the progress at Woman's College, the building program, the Social Science and Art Forums, and plans for the future. Plans for commencement were announced and alumnae were urged to attend.

Miss Alexander gave a most entertaining and informative talk on "What it means to be an American", our history, our customs, and our mannerisms. The group thoroughly enjoyed hearing Miss Alexander and Miss Draper and the opportunity of "getting together".

The meeting was closed by singing the College Song.

Sadie Suggs Hatley, Chairman.

Atlanta, Ga.

The Atlanta Chapter of the W. C. Alumnae Association met at 8:00 p.m. on March 21, 1950, at the apartment of Catherine Yoe Widerquist. Twenty alumnae were present. Presiding was "Bootsie" Webb Smith, president.

During the business meeting the group decided to postpone the proposed joint banquet of the Greater University alumnae groups until later on in the year. The group enjoyed very much hearing recordings of "We, the Women" and "Founder's Day, 1949". This was followed by a social hour during which a dessert course was served.

Catherine Yoe Widerquist, Secretary.

Baltimore, Md.

(MEETING ONE)

"Interesting Facts and Sights of the City of Baltimore" was the subject of Mrs. Elizabeth Moberdy Dierken's talk

to the Baltimore, Md., Alumnae Chapter at their dinner meeting at the Park Plaza Hotel, October 30, 1949. Thirteen alumnae were present and Juliana (Hanks) Johnson presided.

During the business meeting immediately after the dinner, the group decided to carry on a project, funds from which would be contributed to the Alumnae Fund. Annual dues of two dollars for the local chapter were also voted.

Special meetings of smaller groups within the chapter were discussed, such as bridge, theatre, and child study groups. The new constitution for the chapter was read by Grace Slocum, corrected, and approved.

After Mrs. Dierken's interesting talk on Baltimore, a Standard Oil Company film of Maryland was shown.

Following a short informal social gathering, the meeting was adjourned.

Alice Keister,
Secretary.

(MEETING TWO)

The Baltimore Chapter of the Woman's College Alumnae Association met on February 22, 1950, at the Y.W.C.A. with 13 members present. Juliana (Hanks) Johnson '44 called the meeting to order, and then turned the meeting over to Grace Slocum '43 program chairman. Grace introduced the speaker of the evening, Mrs. Adelyn Breeskin, director of the Museum of Art, in Baltimore. A movie was shown on the subject "What Is Modern Art". A discussion of the movie followed. Mrs. Breeskin then discussed the Cone Collection of Art, recently left to the museum. She said that the collection was a background of contemporary art, and described the portion of the collection which was left to the Woman's College.

Refreshments were served and there was an informal social meeting.

During the business meeting, the minutes of the last meeting were read, and the financial report was given. A nominating committee was appointed, consisting of Anne (Buckley) Bachman '49, Nelle (Cobb) Miller '37, and Alice Keister '48. This committee is to meet and present nominees for officers of the club for the next term.

Plans were made for the May meeting, at one of the member's homes if possible.

Buncombe County

The Buncombe County Chapter of the Woman's College of U. N. C. held its annual Spring luncheon in the West Ballroom of the George Vanderbilt Hotel on Saturday, April 1. The invocation was given by Mrs. J. Franklin Williams (Joscelyn McDowell '22), and Mrs. J. S. Williams (Annie Meade Michaux '96) welcomed the members and guests. Mrs. William Peeke (Dorothy Gaskins '38), retiring president, presided. Mrs. W. E. Brackett, Jr. (Alice Porter '41) introduced the members present.

The report of the nominating committee was given by Mrs. Carl Hyatt (Dorothy Kanipe '41) as follows: Frances Wertz Workman '33, president; Frances Bryant Ausband '44, vice-president; Laura Cline '41, secretary-treasurer.

It was proposed to set up an advisory committee and the nominations for 1950-51 were: Dorothy Gaskins Peeke '38, Bobby Holland Metcalf '39, Dot Kanipe Hyatt '41.

The nominations were approved and accepted.

Miss Lynn Williams, Sophomore at W. C., gave a report on the Sophomore Class and its project of personal donations for scholarships. Immediately the members donated twenty-one dollars to this fund.

Mrs. W. Bryan Carter (Ruth McKaughan '32) introduced the guests from the college. Miss Sue Underhill '30, counselor of Gray Dormitory, told of "Changes Taking Place on the Campus", a very complete and descriptive report. She told us of the beautiful and needed new buildings, as well as the growth and development of the different academic departments.

Miss Marjorie Hood '26 from the College Library described the new Library Building, with the expansion of its use for the students.

With these glowing reports, the luncheon adjourned with many members wishing they could take advantage of the opportunities now available at the college, and some planning to take the courses to be offered in Burnsville this Summer.

Bobby Holland Metcalf,
Secretary.

Delaware Chapter

The Delaware Chapter of the W. C. Alumnae Association met January 19, 1950, in the home of Billie McNeely Propst '48. This was a combined card party and business meeting.

Pelham Whitley Bookout '41, chairman, called the meeting to order and Billie Propst, treasurer, reported that there was \$6.08 in the treasury.

The last meeting of the year will be a dinner meeting in late spring. Officers for the year 1950-51 will be elected at this meeting. The group decided to use the system of officer rotation so that each

year an experienced officer will be on the executive committee. The secretary-treasurer will serve again next year.

Sarah Heath '43 reported that several boxes of clothing were sent to Germany. There were so many clothes donated by the chapter that some of the clothes were given to the Salvation Army for distribution in Italy.

After the meeting was adjourned, the group played canasta and bridge.

Billie McNeely Propst '48,
Secretary-Treasurer.

Duplin County

Mr. C. W. Phillips met on March 16 with a group composed of alumnae of Woman's College and girls from the junior and senior classes of the Rose Hill and Wallace High Schools. The meeting was held in Rose Hill Community Building and was definitely a happy occasion.

Clara Gill Wilkins '27, chairman of Duplin County Alumnae, presided and presented her mother, Mrs. Mattie Taylor Gill '04, who read Dr. Melver's favorite passage of Scripture.

The alumnae sang the College Song—and believe us we sang it lustily!

It was like a letter from home to hear Mr. Phillips. He discussed courses available at Woman's College, social and religious activities, new buildings under construction and planned for the future, and brought news of favorite faculty members all of which was most interesting.

Following Mr. Phillips' talk, a social hour was enjoyed. Refreshments were served by Alma (Davis) Wells '26, Ruth (Teachey) Murray of '27, Mary Emma (Stewart) Hawes '30, Grace (Horne) Carr '40 and Clara (Gill) Wilkins '27.

Clara Gill Wilkins,
Chairman.

Gainesville, Fla.

The Gainesville, Fla., Alumnae Chapter met March 2 at the apartment of Miss Margaret Weeks '33, with nine members present. The group enjoyed a delicious covered-dish supper and an evening of conversation about W. C.

The group, though small and new, decided to establish a loan fund of \$25 a year to be available for the fall of 1950. The fund will be used for a student in Home Economics or Physical Education for lab fees or books.

Plans were made for a meeting early in May at the home of Mrs. William Patter (Dorothy McBride '33).

Ruth (Peacock) Shaw '44.

Hertford County

Hertford County Alumnae met for the first time this year in the home of Mrs. C. E. Fike, on the evening of March 10, 1950.

Nine alumnae were present: Mrs. R. A. Holloman, Jr. (Anna Higgs Griffith), Mrs. Hugh Harrell (Thelma M. Jewell), Mrs. J. A. Britton (Mary V. Copeland '26), Mrs. B. E. Copeland (Lucy A. Boone '95), Mrs. C. E. Fike (Rosa Lake Pegram), Mrs. A. W. Welch (Fran-

ces Handy), Mrs. Picard, Mrs. Herbert Jenkins, Jr. (Alice Wright '39), and Mrs. Ray Widmer (Betty Steinhardt '29).

After a short business meeting presided over by the chairman, Mrs. Holloman, the group enjoyed a social hour. Delicious refreshments of tea, cheese biscuits and cookies were served by Mrs. Fike, assisted by Mrs. Harrell, co-hostess of the evening.

Betty (Steinhardt) Widmer '29.

Orange County

The Orange County Chapter of the Woman's College Alumnae Association met on Thursday evening, April 6th, at the home of the president, Mrs. David V. Carter, Jr. (Hannah Beard).

It was decided that this chapter would have a dinner meeting early in May and plans for this were discussed. An effort was made to discover alumnae of the College who have come to Chapel Hill since last year so that their names might be added to our membership.

After the business of the meeting was completed a social hour was enjoyed.

Jean Freeman, Secretary,
Class of '33.

Pitt County

Miss Katherine Taylor, Dean of Women at W. C. U. N. C., and Miss Elvira Prondecker, counselor, were guests at the regular spring meeting of the Pitt County Chapter of the Woman's College Alumnae Association. The dinner meeting was held at the Episcopal Parish House in Greenville, on Friday Night, March 3, with Beaufort and Martin County Alumnae as guests.

Miss Taylor, guest speaker, spoke to the group in her delightful way on many improvements made in the past two years on the campus of the Woman's College.

Miss Taylor described in detail the permanent improvements program now underway at the college. She also spoke on Alumnae activities of interest to all. Miss Taylor concluded her talk by showing a color movie on various campus activities. The alumnae present were very glad to hear the recent news of campus activities. The alumnae entertained at a tea in honor of Miss Taylor and Miss Prondecker at the home of Mrs. Ficklin Arthur (Rachael Scarborough '24) in the afternoon prior to the dinner meeting. Mrs. Luther Herring (Nettie Brogren '08) presided over the tea table.

Mrs. Howard Mims (Elizabeth Lewis '31), chairman of the Pitt County Chapter, presided over the dinner meeting. Mrs. C. A. Bowen (Maudie Beatty '13) led the group in saying the grace used by Miss Sue Mae Kirkland, lady principal. Pat Waldrop '47, introduced the Dean.

The following committee was appointed to present a slate of officers at the next meeting: Pat Waldrop, chairman, Betty Kittrell '46, and Mrs. John Staton (Martha Stegall '42). The group planned to meet again on October 5, 1950.

Marjorie Shearin '47,
Secretary.

Wake County

The Wake County Alumnae met March 8, 1950, at 8:00 p.m. in the Raleigh Y. W. C. A. There was a brief business meeting, during which Mrs. W. H. Kimrey (Phoebe Innes '40) presided, Mrs. M. B. Koonce (Pauline Williams '16) acted as secretary and the treasurer's report was given by Ella McDearman '26.

A motion, made by Mrs. L. H. Swain (Virginia Sloan '28) and seconded by Dorothy Ward '41, was passed establishing a Wake County scholarship. This scholarship will be awarded annually to some deserving girl, preferably from Wake

County, through the Woman's College Scholarship Committee.

Mrs. T. L. Ashcraft (Carolyn White '41), chairman of the ways and means committee, gave a report on the arrangements which were being made for a benefit-bridge to raise money for the scholarship fund.

Sarah Denny '49 had charge of our program, which was an interesting motion picture of various college scenes and activities. Sarah pointed out the people and places of interest as the picture was shown.

We concluded our meeting with the College Song and everyone was invited to the punch table for refreshments. Mrs. Tom Bost, Sr. (Annie Kizer '03) and Miss Ruth Wilson '24 poured punch. They were assisted in serving by Mrs. J. C. Jeffries (Rosa Bailey '05), Mrs. A. C. Hilman, Mrs. Thomas Parker (Mary E. Goforth '42), Mrs. J. W. Prevost (Wilda Crawford of '28), Martha Watren '45 and Dorothy Ward '41.

Wake County

Benefit-Bridge

The Wake County Alumnae had a Benefit-Bridge Tuesday evening, March 21, 1950, in the Frank Thompson Gymnasium at N. C. State College, to raise money for the scholarship fund. We feel it was a successful event, with over 200 people attending.

Refreshments were served during the evening and a magician entertained at the conclusion of play while the scores were tallied. High score prizes and door prizes were awarded.

Those assisting Mrs. T. L. Ashcraft (Carolyn White '41), chairman, with the planning, the arrangements, and the "hard work", were Miss Mary Sue Moser '40, and Mesdames Thomas Hodnett (Margaret Moss '44), Sidney Usey (Mary Fulz '38), Mrs. Leslie W. Thorneberry (Ann Cloyd '46), Mrs. Owen Walker, Jr. (Doris Ellen Clark '43), and Mrs. William Johnson (Agnes Bowen '43).

Watauga County

On Tuesday evening, April 18, the Watauga Alumnae Chapter of Woman's College held its spring meeting at the Skyline Restaurant in Boone. The college colors of yellow and white were carried out in the decorations of daffodills and yellow candles.

The president, Mrs. R. H. Harmon (Cleta Jones '31), welcomed the members and guests. Dean Helen Burch '18 of Appalachian brought greetings from the local college. The minutes of the fall meeting were read by the secretary, Mary H. Walker '30. After their approval Miss Walker introduced the guest speakers from Woman's College.

Betty Brown Jester, Alumnae Secretary, made announcements and, assisted by Mr. C. H. Kirkman, showed motion pictures of activities at the college. Dean Katherine Taylor gave a most enlightening talk stressing the changes and improvements which have been made at the college under the leadership of Chan-

cellor W. C. Jackson, who retires June 30 of this year, and the late Dean Harriet Elliott.

The following alumnae were present: Mesdames Harmon and Eugenia K. Kirkman, Misses Madge Rhyne, Mary Ellen Gibbs, Cora Pearl Jeffcoat, Helen Burch and Mary H. Walker of Boone; and

Miss Jane Guy, Mrs. Margaret C. Carter and Miss Edith Cardwell of Avery County. In addition to Dean Taylor and Mrs. Jester of Woman's College, the following were special guests: Mrs. A. B. Justice of Charlotte and Mrs. A. P. Kephart of Shulls Mills.

Mary Walker, Secretary.

Three Weeks in Holland

By CLORA MCNEILL FOUST '09

Last spring my friend Mozelle Olive Smith became interested in the Institute of World Studies, sponsored by several universities of this country in co-operation with the University of Amsterdam, where the institute was to be held. This seemed a good opportunity to combine study and pleasure in a trip to Europe, and we were soon busy making plans.

Everything was arranged by Washington officials of the Institute for the group, which was composed of people from almost all sections of the United States. After an uneventful period of smooth sailing on the Nieuw Amsterdam, we landed in Rotterdam. Our group, most of whom were teachers, was quickly through with the customs officers. Teachers are never suspected of having valuables smuggled in their modest luggage.

Dr. Hooykaas, the official representative of the University of Amsterdam, was waiting to greet us, and for three weeks served as combination guide, bureau of information, and gracious host.

We climbed into little cabs and were taken to a restaurant for the mid-morning cup of coffee or tea, and then to the train for Amsterdam. And do not imagine the trains in Holland or anywhere else in Europe bear much resemblance to our modern means of transportation in the U. S. A. The trains are small, dirty, slow and noisy. But the country we crossed was thoroughly fascinating—the spreading lowlands, the everpresent dikes, green pastures dotted with fine cattle, and

the whole landscape picturesque with windmills, quaint gable-roofed houses, and beautiful gardens of vegetables and flowers.

Arriving at our destination we were in a new world—canals and boats and bikes! Really, I had never imagined the whole world contained so many bicycles as we saw on the streets of Amsterdam that day.

Again we were loaded into little black cabs and whisked away to our lodging place—a sort of combination hotel and dormitory. Here the spoiled Americans were none too sweet at first. Indignantly we waited in the lobby for porters to carry our luggage. None came. Finally we carried our own, and climbed one, two, or three flights of stairs until we found the rooms whose doors would yield to our big iron keys. Inside we found a small room with one large window. An army cot, a small table with lamp suspended above it, a straight wooden chair, and rough handwoven linen curtains completed the furnishings of our abode. The bath was at the end of a long hall, the shower bath on the next floor above. To our dismay we found hot water was furnished only two days a week, and also that we should have brought a supply of towels and tissues.

We were tired, cold, hungry and disgusted, but the hotels were full and there was nothing to do but make the best of life as we found it. It took

us some time to realize that we had come to a country that had not recovered from five years of German occupation and that we could not expect to find American comforts at student rates.

Our next adventure was to find the dining room. Stocky, pleasant-faced Dutch girls who spoke little English but were good at interpreting gestures served plain but substantial food. Our spirits slowly revived and when night came we slept from sheer exhaustion.

The next day found us refreshed and eager to explore the city. Our loud complaints of the day before brought some results in the way of necessities, and soon we were so busy and interested in following the schedule planned for us that we could laugh at the things which annoyed us so much at first.

Right here may I say that any one who goes to any European country now should make up his mind before leaving this country to be prepared to face inconveniences and discomforts with calmness and good humor, tolerance and sympathy for people who have suffered so much and still have so little in comparison with what we take for granted.

The days passed all too quickly, for we soon learned to love the friendly, cheerful Dutch people, and those of us who have Dutch blood in our veins felt a great pride in our ancestry. A glance at the little printed handbook containing the schedule of the summer course shows that every hour was filled with interesting activities.

The day after our arrival, which was a Sunday, we were invited in the evening to a reception given by the Dutch teachers' organization at the American Hotel in Amsterdam. Here we had Dutch singing and folk dances, followed by a delightful social hour which gave us opportunity to meet and talk with the Dutch teachers while we enjoyed a variety of refreshments.

On Monday morning we were received by the University authorities. Then work began in earnest, and, as on each succeeding day except excursion days, we had three lectures. These lectures were based on the history of the Dutch people and the part they played in early American history; Indonesia and its relation to world affairs; economics and the Marshall plan; and the outlook for future world peace. One of our teachers, who had been an exchange professor at Harvard University, and who had been consultant to his government during the war, showed a considerable degree of pessimism about the future. The youngest man of the three was eager and optimistic. His philosophy was simply that we can and we must work out a plan for world peace and happiness.

On Monday afternoon the Municipal authorities gave a reception in our honor at the Town Hall. In the evening we were guests of the City at Holland's most beautiful opera house to see and hear "Il Trovatore" superbly done.

In reality this year's group of students was the guinea pig for the Institute. Next year's group may not find themselves so much of a novelty or be welcomed with any more gracious hospitality, but they will have better lodging nearer the class-

rooms, and will benefit in other ways from our experiences. The weather for the most part was fine and we thrived on our long walks to school, and those who had cameras made many interesting pictures.

The University buildings were small, few in number and unpretentious in appearance, but the teachers assigned to us were real scholars and masters in their subjects. All the teachers whom we met spoke beautiful English, were well informed about and greatly interested in America, and were cordial and helpful to us in every way. We were entertained in some of their homes and in that way felt we learned something of their way of life. Perhaps it will interest you to know that the superintendent of the outstanding city school lived in a small third floor apartment with no refrigerator and only a two burner hot plate on which his attractive wife prepared their meals. Marketing each day was therefore a necessity. They had sold their stove during the war to buy fuel. Their car had been confiscated by the Germans, and they, like all the teachers we know, rode to work on "bikes".

We saw practically all types of cars on the streets that we see in this country, but few in number compared with the thousands of bicycles.

In asking many questions about the secondary schools, we found they have no such thing in Holland as Parent-Teacher Associations. English is required in all the schools. When a student fails on any given subject he is required to repeat the whole year's work, including every subject taught in the grade. To us this seemed a harsh and inflexible rule.

Among the interesting excursions planned for us was the one to The Hague, the gorgeous building where the famous peace conference was held; Eindhoven and the great Phillips plant where millions of radios are manufactured; the cheese market where every one came away with a big round Edam cheese; the flower market which I simply haven't words to describe; the National Park; Arnhem Battlefield; the U. S. Cemetery; many interesting cathedrals, a medieval castle, and the residence of the queen. The international airport is thoroughly modern and most impressive. I believe Dutch pilots hold the world's best record for safe landings.

In Amsterdam we visited the Royal Palace, the magnificent Indonesian Institute, the beautiful parks, the diamond industry, and antique shops galore. Amsterdam is the place to buy diamonds, as Switzerland is the place to buy watches.

Certain things stand out in our minds as we think of Holland, particularly the amazing industry and the engineering skill of the Dutch people. For hundreds of years their very existence has been a constant fight against water, and the story of their "fresh fields and polders new" is one of the most thrilling in history.

The fertility of this reclaimed land, so lately a part of the sea and now producing great crops of grain and fine dairy farms, was a source of wonder and amazement to us. Surely the most delicious strawberries and the finest flowers in the world grow in Holland. The first

thing I heard a Dutchman say was "Too bad you didn't arrive in time to see the tulips." This from a porter in Rotterdam. Thank Heaven we didn't miss the red geraniums. They were everywhere, gay and luxuriant—in gardens, along walks, over the doors to shops, and in almost every window wherever we went. No matter how humble the dwelling there were always flowers blooming. The beauty of Holland is a precious addition to our store of happy memories.

Wherever we talked with the Dutch people we found them grateful for the help America gave them during the war, and for the Marshall plan. The eagerness on the faces of the young people as they questioned us about our country, we shall never forget.

A thing which touched us deeply was the exquisite care they are taking of the cemeteries where the American and Canadian boys are resting. We were told that the school children take great pride in growing the flowers on these graves. It should be some comfort to the mothers and fathers and wives who lost their sons and husbands to know they rest in such loving care.

Some one has asked, "Was your trip really worthwhile?" Yes. Anything is worthwhile that broadens one's world and increases his capacity for human sympathy and understanding. Every true friendship formed with people of other countries contributes to the sum total of international good will, and brings a bit nearer the ultimate object of all these meetings—world peace.

It is also a good thing for comfort-loving Americans to know more of the terrific struggle these people have endured in creating and preserving their beloved homeland. These experiences should increase our sympathy for others, and should teach us to appreciate our own great country and determine to keep it strong and free and a good place in which to live.

Mary Frances Gyles Elected To Phi Beta Kappa

Dr. Mary Francis Gyles '39 was elected to membership in the Woman's College chapter of Phi Beta Kappa this spring. Dr. Gyles is assistant Professor of History in the Department of Social Science at Memphis State College, Memphis, Tenn.

After her graduation from Woman's College in 1939, she received her master's degree in Ancient History from the University of North Carolina in 1945. She was a fellow in the Department of Oriental Languages and Literatures at the University of Chicago in 1945-46 and a fellow in the Department of History at the University of North Carolina 1946-47. From October 1947 to January 1949 she was a fellow in the Belgian-American Educational Foundation, Inc., for European Study, after which she returned to the States to become the Waddell Memorial Fellow in History at U. N. C.

She received her Ph.D. degree from the University of North Carolina in 1949. Among her publications is "Nero Fiddled While Rome Burned," published in the *Classical Journal* in January 1946.

Ora (Miller) Pike writes from Concord: "After a very happy married life, I lost my husband in 1935. He was proprietor of Pearl Drug Co. here, which business I retained until 1944. In the absence of my sons' in service and with the declining health of my father, who made his home with me, it seemed best to sell. I now have a corset shop, do surgical fittings for the doctors, and cater to women's needs. Have two sons and two daughters, the eldest son, Joseph W. Pike Jr., is an Annapolis graduate and left the service as Lt. Commander. He is now chief pharmacist at Cabarrus Hospital. The oldest girl Nancy, a graduate of U.N.C. was a registered

pharmacist and married John A. Mitchener Jr. of Edenton, who operates a pharmacy there. Wilma Locke ("Billie"), the next daughter, was a registered nurse, graduate of Mt. Sinae Hospital in Philadelphia and married Dr. H. O. Thompson of the pharmacy department of the University. They reside in Chapel Hill. The youngest son, Jesse M. Pike, a graduate of N. C. and of Western Reserve, lives in Greenville, S. C. Have nine grandchildren ranging from nine years in age to two months old. I taught seven years in the public schools of N. C., and look with pride at what has been accomplished at Woman's College.

We've been in the midst of the coal strike with every one around us personally affected. The railroads all closed their shops. This was as great a hardship as the closing of the mines. West Virginians look upon N. C. as a great state because with red mud, sand hills and pine trees for natural resources the state is going forward so rapidly, while West Virginia with its wealth of coal, oil, natural gas, chemical wells and equal scenic beauty lags so far behind N. C."

Constance (Gwaltney) Huntsberry is now living at 51 Schloso Wolfsbrunnenweg, Heidelberg, Germany, c/o Lt. Col. W. A. Huntsberry, Hq. EUCOM. She wrote recently: "Here I sit on one mountain overlooking another mountain in a Swiss-type chalet in Heidelberg, Germany. The whole town is a set from the 'Student Prince', with its ancient towers, historic university and magnificent scenery. In between the dashing about to Paris, Vienna and Switzerland, we have found time to meet and know a number of very interesting German citizens. They are mostly the university and opera group. Due to my putting on Hansel and Gretel at Christmas time for the American Woman's Club, I met a number of the singers and the director of the Opera Company here, and we have continued our friendships ever since the delightful performance of Hansel and Gretel. 'Me and the Brother Shubert' have a lot in common now, and I can well see how stomach ulcers are born."

Katherine (Valentine) Hastings, 86 Grand Blvd., Battle Creek, Mich., enjoyed a visit last summer with her college roommate, **Ellen Fletcher** '28. Ellen had recently returned from several years spent in Japan.

Esther "Pat" (Shreve) Ruffin, 610 Arlie St., Richmond, Va., writes: "I am fast getting to the age where my daughter is considering what college she will attend two years hence! We hope to come down this summer for her to get acquainted with W.C. and it would make me a very proud alumna to have her make it her first choice. I am ever grateful for the fine quality of education and for the infinite intangibles Woman's College added to my equipment for life. I am also very proud of the continual progress of the school due to the hard work and vision of its leaders. At the dedication of our beautiful airport, my husband was the general chairman for the celebration and I greatly enjoyed the thrill of talking to Admiral Byrd and Roscoe Turner, Clarence Chamberlain, Arthur Godfrey and the other famous guests. This year we planned our spring holiday trip for Nassau. I had fourteen seniors in the party and it was surely a marvelous experience for all of us—wonderful bathing in that clear blue water for seven days plus all the shopping and sightseeing, races and dances. We highly recommend Nassau and The Royal Victoria Hotel as one of our most favorite places."

Nelson Tucker is teaching and working toward her doctorate at the University of Missouri.

Pelham (Whitley) Bookout, Ocean Boulevard, St. Simons Island, Ga., writes: "We moved to Georgia in March and love it here. This island is a wonderful place to live. We were able to get a brand new house with more room than we've ever had before and located less than 300 yards from the beach. Arthur is still working with Hercules, but is now at the Brunswick plant, which is just across from us on the mainland. Both Jean and Susan are delighted with their new home and with all the sand, water, and sun. They stay outdoors all day long. It was hard to leave all my friends in Delaware, especially all those in the Alumnae Association. We had so many good times together that I know I'm going to miss those meetings, but now I'm going to start looking for W.C. girls down here."

Jean (Williams) Hamilton, 915 E. 42nd Place, Chicago, writes that her husband graduates in optometry February 1951. She has two little girls, 2 and 3.

Frances (Crowell) Tomberlin is living in Matthews. A card from her mother says: "Frances has a fine set of twins—a boy and a girl—just as different as can be!"

Mary Lib (Doggett) Beaman, Bill, and Suzanne moved into their new home on Cardinal Place, Greensboro, the day before Christmas.

Cynthia (Grimsley) Curtis writes: "After adjusting myself to being the wife of a western cattleman, and loving the wide open spaces of the 'Home on the Range,' I was more amazed than anyone to find myself and family, bag and baggage on an old Georgia plantation. This June will mark the end of our second year here, and it surprises us to discover what has been done in that short a time. My husband and his brother are running the place (1150 acres), converting it into a livestock farm. We raise sheep, cattle, hogs, geese, guineas, chickens, horses, dogs, cats,—and children! A small country store (the kind that sells everything from snuff and rheumatism pills down to fatback or frozen shrimp) came with the place. We also have a freezer into which go the products from our garden, as well as our meat. We are situated twenty-one miles from Athens, fifteen from Greensboro, Ga., and about eighty from Atlanta. It's a good life for us, and the two children are, incidentally, a boy, Ricky 4½, and a girl, Cyntie Ann, 3½."

Eva Higdon received her master's degree in Health Education at the

University of North Carolina, Chapel Hill, August, 1948. She is Senior Public Health Educator with the Alamance County Health Department, which position she has held since October of 1948.

Hazel (King) Davis writes: "I'm still putting my Home Economics training into practical use, particularly the child development classes. Mary Herbert is almost three and Jim (James Rowlette Jr.) put in his appearance May 21, 1949. I might say I'm still learning, as there's never a dull moment and something new happens almost every day."

Anne McDowell is manager of the city ticket office of Delta Air Lines, Battery Park Hotel, Asheville.

Hal (March) Scheffler is now living in Martinsville, Va. Her husband is chemist for the Fontaine Converting Works there. She writes: "Naturally I have resigned from Phi Beta Kappa, but I am happy to report that the executive committee has elected Suzanne Walker '44 to succeed me as editor of The Key Reporter and assistant secretary. I can't think of anybody I'd rather see take my place! Sue's been working for Look."

Virginia (Mayberry) Elam writes: "We finished law school in August, passed the Michigan Bar exam and in order to be eligible for practicing in Ohio, Johnny had to take another one here as he wasn't an Ohio resident. We moved to Columbus in October and have been redecorating our apartment (finishing about Jan. 1). Of course, Johnny had to review for the examination in addition to his law work and so we have been back to our normal selves for about a month. Johnny has a very good job with the law firm of Vorys, Sater, Seymour and Pease, and is enjoying the work more each day. You should see our Nancy—(she's 16 months old now)."

Ann (Rainey) Weidman is now at 827 South Negley Ave., Pittsburgh, Pa.

Lidie (Smith) Mackie writes: "We have two small sons, Angus and Bill, ages three and one. My husband is a navy doctor and at present stationed on the world's largest (heaviest) ship, 'The U.S.S. Coral Sea.' Navy life has been wonderful and if there are any of my old friends in this Norfolk area we would be delighted to show them what I mean."

Mary Anne (Sorrell) O'Brien Jr. expects to leave Austin, Texas, in June, when her husband finishes school. They have a six-month old daughter, Julia Elexis.

Mildred (Thorpe) Draper writes from Rocky Mount: "In addition to chasing Rick, aged three, around the neighborhood, figuring on draperies, etc., for the new house, and going over new baby clothes, I get in a few hours a week on church and choir work, and on community jobs of various sorts. I know other girls do a lot

more with careers, careers-and-homes combined, etc., but I find my time very well and very happily filled. When my thoughts go, as they often do, to the friends I made at Woman's College, I can only hope they are as contented as I am."

Edith (Uden) Bibary says in a recent letter: "In December we visited my parents in Leaksville; while there we motored to W. C. to visit my sister who is a freshman at the college. I was certainly thrilled to see the beautiful new buildings being erected on the campus. My daughter Sheila, age two, was quite impressed with dormitory life and was very unhappy when told she must leave. My husband is an attorney and is the junior partner with the law firm of Maile, Leach and Bibary. We have a very lovely home in which we have lived since our marriage and would certainly welcome anyone from W.C. visiting in Detroit."

(Dianne Page)
c/o Capt. H. G. Bench, 9190-A
Hq. 86th Air Base Group, Neubiberg
APO 65 c/o Postmaster
New York, N. Y.

Born to Mr. and Mrs. Clyde McSwain Jr. (Ruth Crowder) a second son, John Roger, November 24, 1950, at Rex Hospital in Raleigh. "Butch" is 2 and is loving farm life since the McSwains have moved to State College's McCullers farm. Their eight-room house is quite expansive after trailer life at State.

Shown above are Major and Mrs. H. G. Bench (Dianne Page '45) and their two sons, Scotty 2½ and Timmy. The Benches are living in Munich, Germany, where Major Bench is stationed at the Neubiberg Air Base.

Born to Mr. and Mrs. Howard C. Elliott (Mary Ann Hallenback) 621½ Brooks Ave., Raleigh, a daughter, Sarah Ann (Sally), July 26, 1949, in Rex Hospital, Raleigh.

Born to Mr. and Mrs. Willard Dean (Evon Welch) a daughter, Betsy Welch, March 23, 1950, Greensboro. Mrs. Dean has been the assistant in the office of the Alumnae Secretary for the past seven years. She returned to her desk May 1. During her

leave of absence, Mrs. **Henriette (Manget) Neal '45**, who has been part-time assistant in the alumnae office for the past year, took her place.

Frances (Acree) Hixon, c/o Lt. R. C. Hixon, O.P.O.T. Sec. Hdqs. U.S.F.A., A.P.O. 77-A, c/o Postmaster, New York, N. Y., is now stationed at Salsburg, Austria.

Margaret (Bilyeu) Gargano's new address in Buffalo, N. Y., is 119 Ashland Ave.

Mary (Burke) Blum lives in Edmonds, Wash.

Evelyn (Butler) Phillips Jr., 610 Biggs St., Laurinburg, is keeping house. Her husband recently opened a law office.

Harriet Grant is a laboratory technician at Buxton Hospital, Newport News, Va.

Allene Grier lives at 315 Berkshire Rd., Charlotte.

Sarah (Hodgin) Echerd's address is 202 N. Main St., Oxford.

Doris Jones, 810 Lexington Ave., Greensboro, is teaching the fifth grade in Gillespie Park School, Greensboro.

Eleanor (Molen) Anderson, 234 Elston Drive, Dallas, Texas, writes: "Roger has taken a new position in Dallas, so the holiday season was a busy one for us. We were in the process of moving here from Allentown, Penn. As much as I disliked leaving my interesting job as dietitian at Allentown General Hospital and membership in the Lehigh Valley Dietetic Association, of which I was president, I think we'll be very happy down here. I'm trying life as a full time homemaker now."

Thelma Payseur, 714 N. Spring St., Pensacola, Fla., writes: "I have been here in Pensacola for six months as the field director for the Girl Scout of Escambia County. My major responsibilities include visiting the troops and training the leaders to promote better scouting here. I had a month's training at the National Training School at Camp Edith Macy in Pleasantville, N. Y., this fall. There are only one or two other W.C. girls here, Jocelyn Hill '47 is in the Presbyterian Church and another is the wife of one of the professors of the Junior College. I think I've joined about everything there is to join, that I'm eligible for—the Y.W.C.A., Business and Professional Girls Club, The Girl's Service Organization of the Armed Services, Y.M.C.A., American Association of University Women, and of course, the National Association of Girl Scout Executives. All of these have helped me get acquainted with the people and now I find myself very happy and contented with my new circle of friends, but I like to hear from all the old ones too."

Lu Ellen (Routh) Hooper, College Courts, Apt. 22, Wake Forest, writes that they moved in June to the bar-

racks apartments for students. They now have a four-room apartment. They vacationed in Washington, D.C., last summer where Diana, their three-year-old daughter, acquired a "yankee accent" to mix with her "southern drawl."

Carol Van Sickle writes from Ridge-wood, N. J.: "I am now public relations director for the School of Radio Technique, the most fabulous place in the world in which to work. Most of my time is spent at the television studios, where my office is right on the edge of the most fascinating activity! Blowing fuses, screaming sound effects, glaring Kleig lights and milling mobs punctuate every hour, and until you get used to it, it's an utter madhouse; but once you're acclimated it's just wonderful! And it's slightly reminiscent of W.C. to see our students transformed, little by little, from gaping 'freshmen' to skilled 'seniors' who can put on professional-looking TV shows without batting an eye."

Mary Jean Smith, 400 S. Aycock St., Greensboro, is still working for E.C.A. in Paris.

Sara Ellen Smithson, Box 277, Oteen, is a dietitian in Veterans Adm. Oteen.

Virginia Spear, 718 S. Luming St., Wrightsville Beach, is working for the Tide Water Power Co.

Lillian (Spratt) Grig lives at 4420 Deyo Ave., Congress Park, Ill.

Cornelia Tongue, Wake Forest Rd., Raleigh, writes that she has been teaching in Wilmington since she left school. This year she moved back home to stay with her parents and is teaching in Apex. She attended Peggy (McIver) Barksdale's '47 wedding.

Women's Medical Specialists Corps through which occupational therapy students who are ready for the clinical training phase of the course get commissioned 2nd Lts. and get all their training in the army. We took our basic training at Ft. Sam Houston, San Antonio, Texas, learned how to salute and how not to get court marshaled among other interesting things. We spend eight months at Walter Reed, then go to Denver for four months for the last of our training. It's all lots of work and lots of fun and I love it. I have seen several alumnae this winter — Ann Barnett '48, Frances Page Coleman '48, Jean McArn '47, "Pug" (Cooney) Whittington '48, and some others—all in this neck of the woods, loving their work and very happy. If anyone is interested in occupational therapy (fondly called 'O.T.')

do write me so I can do my sales-talk routine. I love a chance to talk about my work."

Marie (Blue) Shelton writes: "Was glad to read in the Charlotte Observer that my home town, Laurinburg, N. C., has started an Alumnae Chapter there recently. There are so many W.C. girls there who teach and others who have settled there. In fact, in the paper's account there was a friend from home whom I did not even know had gone to 'my school.' This building program is so exciting. Guess it has the whole campus in a whirl. Can hardly wait to see it myself."

Linda Cloer is food specialist with the Bureau of Human Nutrition and Home Economics in the U.S. Department of Agriculture, Washington, D. C. She also is on the executive committee of the Washington, D. C. Alumnae Chapter.

Blanche Dodds writes from Charlottesville, Va.: "Still pursuing the lady law around the hallowed halls of Clark Hall, University of Virginia; reached the half way mark this January and with all sorts of luck, 'blood, sweat and tears.' I hope to have my bachelor of laws and a lovely set of ulcers in June, 1951. My roommate, Margaret Hyman '48, was up for a week-end in November and now has a new job in Charlotte with the art department of the Charlotte Observer; says she likes it very much.

Nancy Eutsler is engaged in city recreational work in Whiteville.

Jean Flanagan teaches first grade in the First Presbyterian Church in Winston-Salem.

Louise (Gibson) Finison writes from Wake Forest: "I am now working for Cruser-Tynes Motor Company. My husband finished at State College in December and is now employed here. I began work on February 18, 1950, and like it fine. I am doing general office work, secretarial work for everyone in the company and am cashier."

Louise (Harlow) Baily assumed her duties as dietitian for the North Carolina Cerebral Palsy Hospital in Durham in February 1950. She was manager of the Soda Shop on the campus last year and until February was dietitian for James Walker Memorial Hospital in Wilmington.

Lola (Howell) Tenbert is now living at 341 North High St., Apt. 2, in Chillicothe, Ohio.

Billie (McNeely) Propst writes: "I have been working with the young people at the Lutheran Church this year. It has been most enjoyable and has given me the opportunity to exercise some of 'my larning'."

Louise (Payne) Lambe, Lebanon, Tenn., is doing secretarial work.

Davie County Loan Fund

Alumnae of Davie County have sent \$20 as a beginning of a loan fund established in memory of Lucille Horn '33 of Mocksville, who was killed in an accident in 1942. The fund will be administered by the College Loan and Scholarship Committee.

Acknowledging the establishment of the fund to Mrs. Christine Warren Daniel, Chairman of the Davie County Chapter, Chancellor Jackson says: "Please accept our sincere thanks for this. The more loan funds we have the better it will be for the College, and I want to commend the alumnae especially for their efforts in behalf of the College."
